

Phillip Island Village School's Mission, Vision and Values were developed in a collaborative process that involved asking our community and staff what they value about education and our school, and were finalised by the PIVS Board in 2024.

Mission:

To work together to provide an intentionally small, innovative, and adaptive learning environment in which we focus on strong connections, sparky students that have a voice, and development of the whole child.

Vision:

To be a supportive and creative learning environment that allows each child time and space to foster a deep personal understanding of themselves that they can carry into the world as lifelong learners. To nurture the relationships in our school community and promote a sense of belonging and respect for everyone.

Values:

We are part of a **community** that respects each other as individuals.

We value **connection** and the importance of relationships.

We listen to our students and prioritise their **wellbeing**.

We encourage respectful **collaboration** and provide frequent opportunities to work together.

We uphold an environment in which everyone feels a sense of **belonging**.

We foster student **empowerment** and ensure all students have a voice.
